Persuasive review - why should other people read this book?

Other people should read this book because Skulduggery Pleasant is a gripping adventure novel. You will get gripped to the story and not want to put it down. As an eleven ^{year old} I think this story is a wonderful, magical fantasy, about a girl and a dead magician.

This is a thick book with 355 pages, but each page will take about half a minute to read because it flows with excitement and anticipation. Although one of the main characters called Skulduggery looks evil, he isn't he is really one of the good guys. He helps a girl to find out what happened to her uncle. Skulduggery is a tall skeleton who covers up his bones and drives a Bentley and he's a detective. So these are the reason why I think you should read this book. Hope you enjoy it.
