

You will shine among them like stars in the sky.

Philippians 2:15

Stoke Row Church of England Primary School Climate Action Plan

At Stoke Row Church of England Primary School, we are committed to living out our Christian values by caring for creation and helping our children grow into responsible global citizens. Through sustainable action, pupil involvement, and thoughtful stewardship, we aim to reduce our environmental impact and protect our planet for future generations.

Area	Current Actions	Future Plans
Energy and Carbon Reduction	• All lighting replaced with low-energy, LED lights.	• Explore alternatives to current oil heating system to reduce carbon emissions.
Waste Reduction and Recycling	• Recycling systems in place for paper, plastics, and other waste.	• Introduce food waste recycling across all areas of the school.
Biodiversity and Green Spaces	• The Bubble Garden provides opportunities for composting and growing vegetables and plants.	• Expand growing areas and increase biodiversity with pollinator-friendly planting and wild zones.
Curriculum and Pupil Engagement	• Active Environmental Committee of children leads sustainability projects and promotes eco-awareness.	• Embed more cross-curricular learning around climate change, conservation, and sustainable living.
Partnerships and Community Involvement	• Parents and community members support gardening and eco activities.	• Strengthen links with local eco-groups and the parish to support wider environmental action.
